

Human Resources Division Update

Item 6

May 17, 2023

Governance, Communications and Human Resources Committee

Report: GCHRC:2023-19

To: Governance, Communications and Human Resources Committee (“GCHRC”)

From: Chief People and Culture Officer

Date: May 7, 2023

PURPOSE:

The purpose of this report is to provide the GCHRC with a Human Resources (“HR”) division update.

Attachment 1 to this report provides more specific details of the HR division’s achievements from Q4 2022 to Q1 2023.

RECOMMENDATIONS:

It is recommended that the GCHRC receive this report for information.

REASONS FOR RECOMMENDATIONS:

The HR division continues to focus its efforts on:

- I. Driving key organizational priorities, enabling the organization to meet its strategic goals and objectives; and
- II. Building and sustaining a culture of trust and confidence in HR – the division, the programs, the policies and procedures.

We are doing so as we are guided by TCHC’s key strategic priorities:

- Building high performing teams that bring to life a culture of tenant service;

- Empowering and supporting frontline leadership and employees in resolving issues and challenges locally and in support of tenant needs; and
- Transforming the way we work through the implementation of effective and efficient tenant services, processes, systems and tools.

The outcomes we strive to realize include:

- TCHC being a diverse and inclusive organization where employees feel safe, valued, empowered and inspired to deliver high quality service;
- TCHC's culture model embedded in the way every employee works to support tenants; frontline leadership and employees who are engaged, and equipped to support a tenant-focused culture; and
- An agile, service-oriented organization that provides a flexible work environment for staff.

Among achievements realized in Q4 2022 to Q1 2023 are:

1. Diverse and inclusive organization

- Implemented further actions under the Equity, Diversity and Inclusion ("EDI") Strategy;
- Reviewed HR policies through an EDI lens;
- Applied an EDI lens to TCHC Leadership Development Strategy;
- Provided an EDI Strategy annual report to staff and the GCHRC in Q1 2023;
- Drafted a Human Rights and Socio-Demographic Data Collection Policy and Procedure for TCHC, which is currently under internal review; and
- Continued implementation of HR-focused commitments outlined in the Confronting Anti-Black Racism ("CABR") action plan.

2. Culture model: advancing and embedding

- Launched Culture Model workshops to increase staff awareness of the Culture Model competencies and understanding of how they come to life through the work we do;

- Embedded the Culture Competency Framework into the year-end performance evaluation process to ensure TCHC employees understand how competencies align to their performance goals;
- Collaborated with the Corporate Employee Engagement Action Planning Committee to develop a comprehensive plan that addresses top engagement priorities based on staff feedback, and supported divisional employee engagement action plan development and implementation; and
- Continued to support leadership development, including a launch of a culture and leadership series, with the Managing for a Healthy and High-Performing Culture workshop as the first program. 91 people leaders participated in the workshop.

3. Agile service-oriented organization that provides a flexible work environment for staff

- Delivered certified Non-violent Crisis Intervention program to build staff capacity in deescalating pressure situations and resolving issues;
- Supported continued implementation of the hub-model, bringing service delivery closer to our tenants; and
- Monitored the implementation of the hybrid work model for eligible jobs, to support a modern and progressive workplace.

4. Supporting all aspects of TCHC's business

- Shared services for Toronto Seniors Housing Corporate ("TSHC");
- ModernTO transition – preparing for move to Metro Hall in 2024;
- Talent attraction and retention;
- Labour management – collaboration, collective bargaining;
- Employee training and development; and
- Employee health, safety and wellness.

5. Building and sustaining a culture of trust and confidence

Underlying everything we do in the HR division, is a continued and focused effort on our vision to:

- Enable the organization, and be a trusted business partner and advisor;

- Promote and foster trust, safety, fairness and equity;
- Apply an employee experience lens; and
- Be proactive and dynamic.

As a division, we are committed to playing our role in ensuring the organization realizes its strategic and business priorities. We want our employees to be engaged and empowered, and held accountable for carrying out their work in a manner that inspires trust and confidence in all of their interactions. We continue to apply an employee experience lens and an equity lens to our programs, policies and services, and we strive to provide thoughtful, effective solutions in a timely and proactive manner.

IMPLICATIONS AND RISKS:

We are making progress in transforming how we deliver HR services, in ensuring a focus on positive employee experiences, fairness and equity, and partnering with our people leaders across the organization to support the achievement of TCHC's strategic and business priorities.
