### **TCHC's Annual Information Return**

Item 5

April 22, 2024

Building Investment, Finance and Audit Committee

| Report: | BIFAC:2024-39                                              |
|---------|------------------------------------------------------------|
| То:     | Building Investment, Finance and Audit Committee ("BIFAC") |
| From:   | Chief Financial Officer & Treasurer                        |
| Date:   | April 9, 2024                                              |

### **PURPOSE:**

The purpose of this report is to seek the Building Investment, Finance and Audit Committee's ("BIFAC") Board of Directors' (the "Board") approval of Toronto Community Housing's ("TCHC") Social Housing Annual Information Return ("AIR") for the year ended December 31, 2023, per its Operating Agreement with the Service Manager.

### **RECOMMENDATIONS:**

It is recommended that the BIFAC approve and recommend that the Board:

- 1. Approve TCHC's Annual Information Return for the year ended December 31, 2023; and
- 2. Authorize the Board Chair and BIFAC Chair to sign the Board of Directors' Declaration on behalf of the Board.

### **REASONS FOR RECOMMENDATIONS:**

TCHC is required to file the following items as part of its AIR per clause 4.2 of its Operating Agreement:

 a) a Balance Sheet prepared in accordance with generally accepted accounting principles in Canada (provided in the TCHC financial statements);

- b) an Income Statement prepared in accordance with generally accepted accounting principles in Canada (provided in the TCHC financial statements);
- c) a Statistical Report providing, by program, unit counts, average income levels and number of households by demographic type, the information in the form specified (as addressed in this report); and
- d) such other information requested from time to time by the City as shall be reasonably necessary to permit the City to comply with its reporting requirements under the Act and Regulations, which includes any internal control findings by its external auditors.

TCHC is required to report annually, as per (c) above, the number of households whose income is below and above the specified "household income limit" ("HIL"), households at market rent, and the number of units that are vacant.

The information presented in this report is a snapshot taken at the end of the year. The report is divided by programs, specifically how each program supports the various unit types (Family, Seniors, Non-elderly singles and units with special needs). In addition, and new in 2022, the number of rent-geared-to-income ("RGI") households deemed to be High Need has been identified.

| City of Toronto    | Whole service area | 32,100                        | 37,500                 | 42,900                 | 47,400                 | 49,500                              |

### The program types are:

 Public Housing: all former Metropolitan Toronto Housing Authority ("MTHA") building units, and the Limited Dividend and Geared to Income programs from the former Toronto Housing Corporation ("THC");

- Rent Supplement: internal rent supplement including those buildings under expired operating agreements that have been transferred to rent supplement funding;
- Section 95 Municipal Non-Profits: Municipal Non-Profit program; and
- Provincial Reformed: Non-Profit program.

TCHC has a total inventory of 57,562 units under its Operating Agreement consisting of:

- RGI tenants: 48,570 units. Of these units, 42,800 or 88%, of RGI households are deemed to be High Need. The Operating Agreement requires TCHC to have 52,533 rented RGI units, which has been adjusted to the current target of 51,714 and reflects units being redeveloped where a property has been demolished (or is to be demolished) and units have not yet been replaced.
- Market tenants: 6,155 units. Effective May 2020, and in collaboration with the Service Manager, TCHC stopped offering new Market rental leases in an effort to ensure we were meeting our prescribed RGI service levels. A market tenant includes:
  - a tenant who has initially signed a Market or an affordable housing lease (4,234 market leases and 1,013 affordable leases in 2023)
  - an RGI household loses subsidy and becomes a Market tenant (267 units in 2023)
  - a tenant whose household income was above the household income limit ("HIL") (641 units in 2023) and were consequently charged Market rent. The HIL varies from \$53,500 for a bachelor unit to \$82,500 for a 4-bedroom unit or larger.
- Vacant units: 2,837 units, of which 2,625 were RGI units, and 212 were Market units.

#### **IMPLICATIONS AND RISKS:**

As at December 31, 2023, TCHC was below the service level requirement as stipulated in the Operating Agreement by 3,144 units, which includes the 636 RGI units transferred to agencies during 2022 and 2023. The 3,144 units are the difference between the adjusted service level of 51,714 and the actual occupied RGI units of 48,570.

The breakdown of the 2,508 units, by excluding the 636 transferred RGI units, is as follows:

| Number of units below service level                                                                                         | 2,508         |               |

The Service Manager is provided details on the above noted variance on a quarterly basis. This is also consistent with prior years' variance trending.

### **Definitions for reporting to CMHC page 4 of the SMAIR:**

Seniors - 60 or older

Non-elderly singles - below 60

Special Needs category covers households receiving care or support services. Care or support services means:

- (i) on site personal support services where personal medical or nursing care, rehabilitation or counselling activities is provided to project residents on a regular basis on-site;
- (ii) special facilities where special dedicated spaces, facilities or equipment is provided to support the provision of personal medical or nursing care, rehabilitation or counselling activities;
- (iii) special needs where an indiviual requires on-site special facilities, and/or on-site personal support services due to physical, social or emotional condition or disability; or
- (iv) special purpose housing where hostel or self-contained housing is used as a principal residence and includes on-site care services and facilities, excluding food, relating to residents' common physical, social and emotional condition or disability.

Within each household type, the total number of targeted and non-targeted households assisted-will be reported along with the average annual before-tax adjusted family net incomes for targeted households.

Before-tax adjusted family net income (AFNI) is net income (i.e., line 23600) as indicated on the Canada Revenue Agency Notice of Assessments of household members, less any Registered Disability Savings Plan amounts repaid. The before-tax adjusted family net income of household members who are full-time students is not to be reported.

For 2022 calendar year reporting, "Year End" means December 31, 2022.

### Memo

To: Board of Directors From: Lily Chen

Toronto Community Housing Chief Financial Officer &

Corporation Treasurer

Date: April 22, 2024

Re: Annual Information Return

I, Lily Chen, in my capacity as Chief Financial Officer & Treasurer of Toronto Community Housing Corporation and not in my personal capacity, hereby certify that to the best of my knowledge:

- 1. For the 2023 fiscal year, attached is the Annual Information Return required to be submitted to the Service Manager in compliance with the Operating Agreement between Toronto Community Housing Corporation and the City of Toronto (Service Manager).
- 2. I have reviewed, or caused to review, such files, books, and records of Toronto Community Housing Corporation and have made, or caused to be made, such enquiries of Toronto Community Housing Corporation employees under my direct supervision as I have determined necessary for the purpose of this certificate.
- 3. The report has been developed from a download of the TCHC rent system listing the following information for each unit: rental status (occupied or vacant), unit size, family type, household income, whether it is rent geared to income (RGI) or market rent, the program for the building unit, and any special needs.
- 4. The total number of units are reconciled to the previous year, adjusting for additions and disposals. The units are then summarized by the program types, with breakdowns into the number of units that are RGI and whose incomes are at or below the household income limit thresholds set by the province, the number

above that or at market rent, and the number that are vacant. The RGI is further broken down by family type, noting their average household income, and also the number of units housing tenants with special needs and their average household income.

Regards,

Lily Chen
